How have we collected this data?

Thanks to **our partnership with Upshift**, a leading labor marketplace, **we are able to collect real-time, supporting data for workers in various industries and positions.** These are verified rates being paid today to Upshift workers in a wide variety of positions.

Offering accurate and attractive wages helps fill the applicant pool

As companies begin to compete for a scarce pool of labor, wages are rising quickly and many hourly workers are aware of this and are no longer wary of changing jobs for a better-paid position.

With more transparency on the current market rates, offering **competitive wages and accurate data** is one of the best ways to make sure you can attract enough job candidates.

How to best use the information given in the report

The Wage Report is a resource giving transparency on the wages set by companies in specific markets. **Its purpose is to help make informed decisions** on setting wages for workers looking for jobs on the market. Accurate wages help keep the labor markets competitive while maximizing worker satisfaction from the positions and minimizing overspending on the employer side.
