# Wage Report – Las Vegas, NV

Created by WagePage  
in partnership with Upshift

## Find out how much workers are getting paid

The Q3 Wage Report was created to give an overview of the labor market in Las Vegas, NV. On the next pages, we are presenting data from industries and various job types.

Inside the report, you will find detailed information about average and median hourly wages for the most popular positions in the Las Vegas market, as well as a high-level view of employee wages in different industries.

We present the data to help businesses make informed decisions on setting employee wages, which in turn helps attract potential job candidates.

## How have we collected this data?

Thanks to **our partnership with Upshift**, a leading labor marketplace, **we are able to collect real-time, supporting data for workers in various industries and positions.** These are verified rates being paid today to Upshift workers in a wide variety of positions.

## Offering accurate and attractive wages helps fill the applicant pool

As companies begin to compete for a scarce pool of labor, wages are rising quickly and many hourly workers are aware of this and are no longer wary of changing jobs for a better-paid position.

With more transparency on the current market rates, offering **competitive wages and accurate data** is one of the best ways to make sure you can attract enough job candidates.
